

## Exam concession: A reader – using a reader pen

### Student guide:

Your reader pen can be used to read any text for you from your exam papers.

You should practice using the reader pen before your assessments to make sure you know how it works and if it will help you.

You will need to use a pair of headphones to hear the text read to you.

The reader pen does not read handwriting. You can still use an adult reader to read back what you have written down so that you can hear any mistakes or make changes.

When you are happy with your answer you can still ask the adult reader to read the question again – have you answered it?
